

## **Epsom Earth Day**

### **Roadside Clean-up 2017**

A few late snow storms and March roared like a lion some days and now April will bring the showers. The snowbanks are great for hiding roadside litter but with warmer days ahead the litter will emerge. Since Earth Day 1990 many Epsom residents have volunteered to pick up litter in their neighborhoods or community areas. This year we are asking residents and businesses to join in. It is easy. Do it on your time, donate your own trash bags or pick up the bags you will need at the Epsom Town Library. All participants can also pick up a packet of Sunflower or Pumpkin Seeds at the library as a thank you.

It is easy. No need to commit to a certain time or area, just get out there when it works for you, your family, your neighbors, your groups or your employees. There will be a sign up sheet at the library to note who cleaned up, what areas you cleaned up, and how much litter you collected if you would like to be recognized.

Earth Day is April 22<sup>nd</sup> this year. From April 21 thru April 28<sup>th</sup> the BCEP Recycling center will accept roadside trash if you mention it is for the Epsom Roadside Clean-up.

For questions or comments contact [alisonparodi@metrocast.net](mailto:alisonparodi@metrocast.net). We hope you will volunteer for this community effort in honor of Earth Day April 22, 2017.
